.GIN OF THE MONTH

"The proper union of gin and vermouth is a great and sudden glory; it is one of the happiest marriages on earth, and one of the shortest lived." – **Bernard DeVoto**

Since it's very creation Bombay Sapphire was the only Vapour infused London Dry gin. This means that instead of boiling and cooking the botanicals in the alcohol, they are placed above the still in a chamber where the vapours are circulating and extracting the flavours in a gentle and respectful manner. This achieves a fresher and more truthful flavour profile, a cleaner representation of the botanicals.

In this logic, The Bombay Spirit Company has implemented the strongest of networks to source its botanicals. Lead by Ivano Tonutti, our Master of Botanicals, we have been sourcing our ingredient from all over the world, directly from the producer, supporting them in the pursue of quality and sustainability, and creating bonds that insure us a premium quality and flavour profile throughout the years.

Laverstoke Mill, the home of Bombay Sapphire, was open 3 years ago and now produce all of our Gins for the entire world. Being a leading example in sustainability, it is one of the most advanced distillery's in the world and has allowed us to implement slow distillation, the core element in the making of Star of Bombay. This unique technique allow us to target specifically some of the flavours from different botanicals and deliver a truly rich and unique drinking experience.

Star of Bombay G&T 13.50

Star of Bombay Martini 14.50

DRINKING WITH THE SEASONS

“He who marvels at the beauty of the world in summer will find equal cause for wonder and admiration in winter.”
